‘OPERATION BRAHMA’ – MEDICAL ASSISTANCE TO MYANMAR EARTHQUAKE VICTIMS BY INDIAN ARMY

Posted On: 29 MAR 2025 7:16PM by PIB Delhi

In a swift response to the devastating earthquake that struck Myanmar on 28th March 2025, the Indian Army, under **‘Operation Brahma’**, is deploying a specialised medical task force to provide urgent humanitarian assistance.

A 118-member team from the elite **Shatrujeet Brigade Medical Responders**, led by Lieutenant Colonel Jagneet Gill, is set takeoff to Myanmar shortly along with essential medical equipment and supplies. The **Airborne Angels Task Force** is trained and equipped to deliver advanced medical and surgical care in disaster-affected zones.

As part of the operation, the Indian Army will establish a **60-bed Medical Treatment Centre** to provide immediate care to those injured in the calamity. The facility will be capable of handling trauma cases, emergency surgeries, and essential medical services to support the local healthcare system, which has been severely strained by the disaster.

This humanitarian assistance underlines India’s commitment to its **‘Neighbourhood First’** policy and the timeless Indian ethos of **‘Vasudhaiva Kutumbakam’** – the world is one family. The Indian Army continues to stand shoulder to shoulder with friendly nations in times of crisis, reflecting India’s resolve to be a first responder in the region.

The deployment has been coordinated closely with the **Ministry of External Affairs** and in partnership with authorities in Myanmar.
